Additional help in filling out registration:

Most of the form is self-explanatory, however we've included some clarification if you need it: ¶ The professional name is the name you go by; if you use a different name for tax or legal reasons, please fill in both lines, otherwise just the first line will do. For children/minors, the minor's name is to go on the first line and the parent or guardian's name should go on the second. ¶ If you'd like your cell phone to be your primary contact number, just indicate "main" by the number. ¶ Models who can model in more than one division (ie; commercial print and runway) should check off more than one category. The same is true for the ethnicity checkboxes. ¶ Children (under 12) do not need to fill in size information; children and teens (over 12) should fill in as much as possible. Glove/Ring size is only applicable to hand models. ¶ In the case of adults, no birth dates will be listed on the site. This information is only to indicate an age range. ¶ In the case of minors, the parent or guardian's signature must be used, not the child's.
